FIG. 1

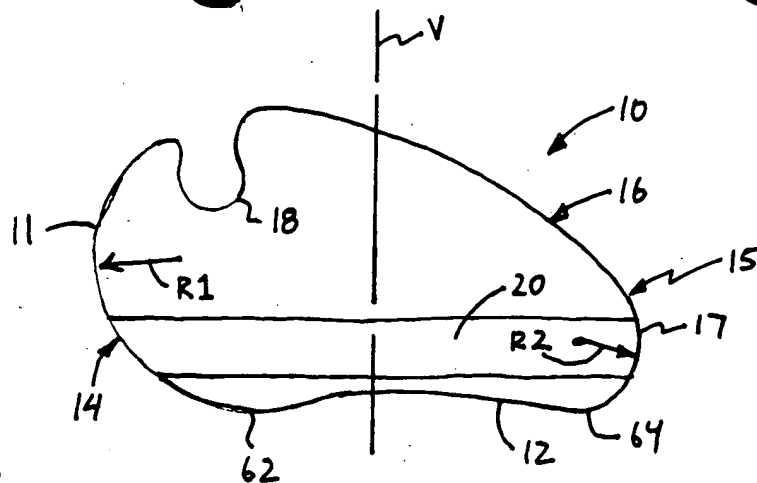

FIG. 2

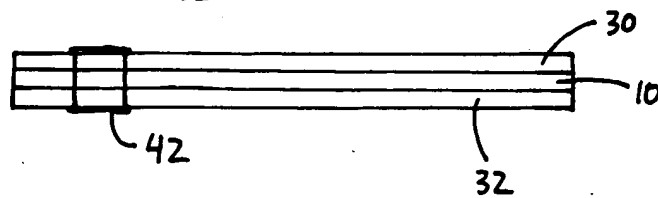

FIG. 3

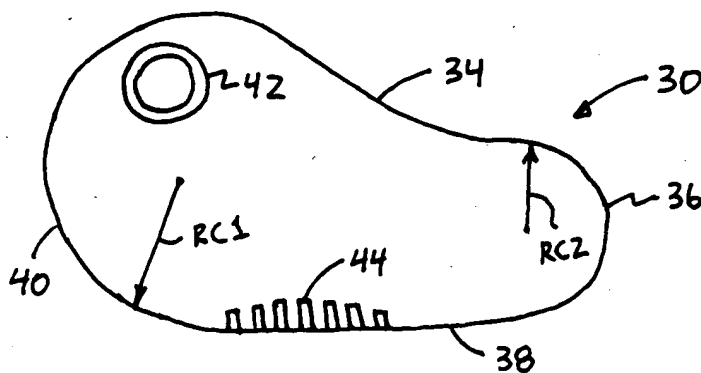

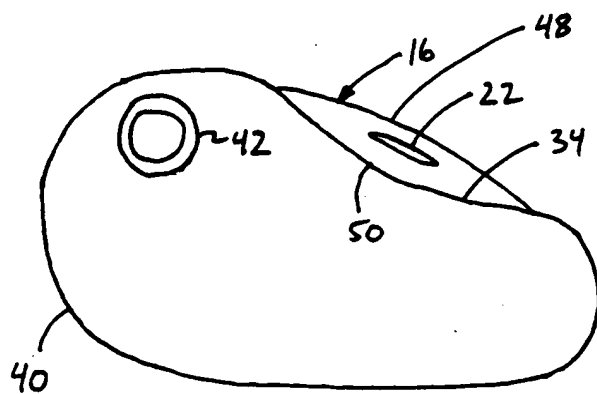

FIG. 4

A hand-drawn diagram of a handheld device, possibly a remote control or a small handheld terminal. The device is shown in two parts: a top section labeled 64 and a bottom section labeled 30. The top section (64) is an elongated oval shape containing the word "DISCOVER" in large, bold, capital letters. Below the word is a series of characters: "0000 1111 0000", and below that, the name "JOHN DOE" in smaller capital letters. The bottom section (30) is a larger, more rounded shape. It features a small circular button or sensor labeled 43 at the top. Below this is a long, horizontal rectangular slot labeled 52. At the bottom right of the bottom section is a small rectangular button or sensor labeled 56. The entire device is labeled 62 at the top right.
